Don't Let FAKE Medicare Plans Take Advantage of You

We've all seen the ads with likable celebrities touting the benefits of Medicare Advantage plans. **Don't be fooled.**

These are **NOT GOVERNMENT PROGRAMS**. And, often, they **WILL NOT COVER** the equipment you need, leaving you to pick up the bill.

Before you enroll, compare your benefits. **Contact us or reach out to an official Medicare representative at 1-800-MEDICARE for unbiased advice on the best Medicare plan for you.**
